

Come one, Come all, to the

Fairy Tale Ball

MORE THAN JUST FAIRY TALES

Once upon a time, it is the opening to every great fairy tale.

At Fair Haven, fairy tales aren't our specialty, but hope is.

This year's "See It Through" Toy Inspired Fairy Tale Ball is more than an afternoon of imagination and adventure. It is a celebration of friendship, fortitude, and the power of community. Inspired by the belief that we are stronger when we stand together, this event reminds us that no one should have to face life's challenges alone.

Our vision is to see a community free from sexual violence. Through age appropriate prevention education for students in grades K through 12, we give children the tools and language to recognize unsafe situations, identify trusted adults, and ask for help.

By attending the Fairy Tale Ball, you're not just joining us for a playful adventure. You are helping protect children and support survivors on their journey toward safety, stability, and hope.

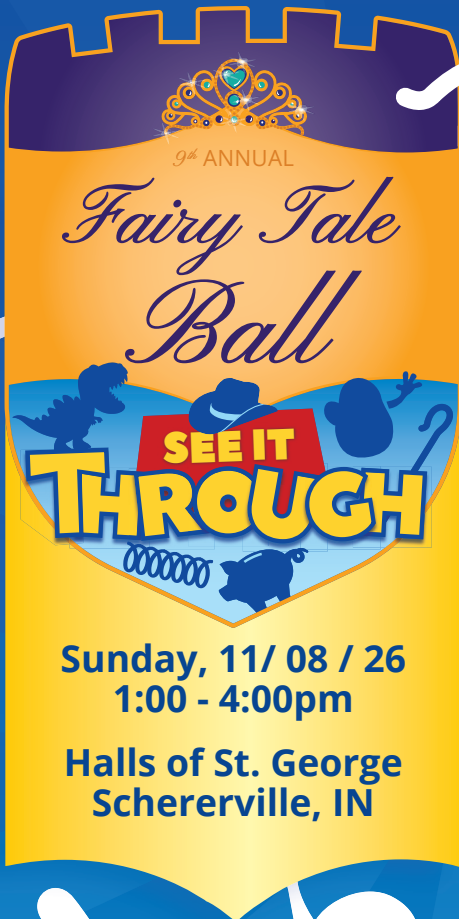

Because when challenges feel overwhelming, the next step is easier when you have someone beside you. Together, we can build a stronger safety net, inspire hope, and help every child and every survivor **"See It Through."**
